INDEX.

Abstracts, 102-144, 260-268, 431-464, 537-576, 714-741.
Analyses of Seepages, significance of interpretation of, 193-213
Anfilogoff, N. A., on Better Production Methods, 59
Anfilogoff, N. A., on Standardisation, 604-606
Annual Dinner, Fourth, 276-291
Annual General Meeting, Ninth, 292-300
Annual Report of Council, 1921, 269-275
Ashmead-Bartlett, P. A., on Better Production Methods, 56
Ashworth, A., on Oilfield Waste, 42-44
Asphalt Industry, Colloidal State of Matter in its Relation to, 79-82

Bailey, E. M., Shale Oil Industry of Scotland, 465-490
Banks, B. G. See Craven, E. C.
Barringer, H., on Better Production Methods, 55-56
Benzene, Solubility in Weak Alcohol, 213-217
Bibliography, 83-101, 230-259, 401-430, 505-536, 690-714
Bibliography, Polish and German, of Galician Petroleum Industry, 666-687
Black, Sir F. W., on Standardisation, 611-613
Blackler, M. B., on Standardisation, 611
Brame, J. S. S., on Oilfield Waste, 32-34
Brame, J. S. S., on Better Production Methods, 63
Brame, J. S. S., on Flash-point Temperatures, 173-174
Brame, J. S. S., on Analyses of Seepages, 206
Brame, J. S. S., Presidental Address, 300-311
Brame, J. S. S., on Esthonian Oil-shale, 359-361
Brame, J. S. S., on Standardisation, 601-602
Brame, J. S. S., on Pole Tool Drilling, 655
Calder, W., on Pole Tool Drilling, 657-658
Chemical Analyses of Seepages, 193-213
Chemistry, Colloid, of Petroleum, 73-79
Colloid Chemistry of Petroleum, 73-79
Colloidal State of Matter in its Relation to the Asphalt Industry, 79-82
Craig, E. H. C., Kukkersite, the Oil-shale of Esthonia, 349-375, 498-499
Craig, E. H. C., on Standardisation, 610
Craven, E. C., on Standardisation, 615-616
Craven, E. C. See Ormandy, W. R.
Craven, E. C., and B. G. Banks, Effect of Small Quantities of Volatile Impurities on the Flash-point of Kerosene, 490-498

Dabell, A. F., on Oilfield Waste, 37-39
Dabell, A. F., on Better Production Methods, 50-66
Dabell, A. F., on Pole Tool Drilling, 655-657
Dabell, C., on Galician Industry, 342
Dabell, C., on Pole Tool Drilling, 660-661, 664
Drilling, Galician-Canadian Pole Tool System, 617-665
Duckham, A., on Standardisation, 602-603
Dunstan, A. E., Colloid Chemistry of Petroleum, 73-79
Dunstan, A. E., on Standardisation of the Testing of Petroleum and its Products, 578-617

Esthonia, Oilshale of, 349-375, 498-499
Ethyl Alcohol-Water-Paraffins from + 30° C. to −30° C., 181-193
Evans, E. A., on Better Production Methods, 62-63
Evans, E. A., on Flash-point Temperatures, 177-178
Evans, E. A., on Galician Industry, 343
Evans, E. A., on Esthonian Oilshale, 366-367

Flash-point of Kerosene, Effect of Volatile Impurities on, 490-498
Flash-point Temperatures, Physico-Chemical Significance of, 145-180
Fuels, Hydrocarbon, Determination of Vapour Pressure and Estimation of Dissolved Air, 217-223

Galicia and its Petroleum Industry, 312-348
Galician Petroleum Industry, Polish and German Bibliography, 666-687
Galician-Canadian System of Pole Tool Drilling, 617-665
GRESSLER, A. F., on Standardisation, 613

HACKFORD, J. E., Significance of the Interpretation of the Chemical Analyses of Seepages, 193-213
HALSE, G. W., on Galician Industry, 342
HEATON, F. A., on Pole Tool Drilling, 658
HENDERSON, J. A. L., on Analyses of Seepages, 210-211
HENDERSON, J. A. L., on Galician Industry, 342-343
HENDERSON, W. H., on Pole Tool Drilling, 658-660
HOBDEN, H., on Oilfield Waste, 34-35
HOLLAND, Sir T. H., on Analyses of Seepages, 206-209
HOLLAND, Sir T. H., on Galician Industry, 340-341, 343-344
HOOKHAM, F. J., on Pole Tool Drilling, 664
HOWELL, G., on Esthonian Oilshale, 367-368
HUTCHINS, S., on Esthonian Oilshale, 364

IBBETT, A. W., on Oilfield Waste, 44-45
IBBETT, A. W., on Better Production Methods, 57-59, 61
Insulating Oils, Colour and Sludging Characteristics, 67-72
IVEY, W., on Oilfield Waste, 36-37

Kerosene, Flash-point of, Effect of Volatile Impurities on, 490-498
KEWLEY, J., on Oilfield Waste, 45-46
KEWLEY, J., on Better Production Methods, 59-60
Kukkersite, the Oilshale of Esthonia 349-375, 498-499

LE MAISTRE, C., on Standardisation, 603-604
LESSING, R., on Flash-point Temperatures, 176-177
LESSING, R., on Analyses of Seepages, 209-210

MACDOUGALL, A., on Standardisation, 615
MCKEEVER, C. B., on Pole Tool Drilling, 660, 661-662
MCMULLEN, W., on Oilfield Waste, 46-47
MCQUEEN, J. F., on Better Production Methods, 57
MACRORIE, B. F. N., on Shafts and Galleries, 396-398
MADGWICK, T. G., on Oilfield Waste, 35-36
MADGWICK, T. G., on Galician Industry, 342
MADGWICK, T. G., on Esthonian Oilshale, 372-374
MARSHALL, A. G. See TIZARD, H. T.
MAY, H., on Oilfield Waste, 41
MAY, H., on Better Production Methods, 65
MILLAR, A., on Oilfield Waste, 39-41
MILLAR, A., Galicia and its Petroleum Industry, 312-348
MILLAR, A., Galician-Canadian System of Pole Tool Drilling, 617-665
MOORE, H., on Flash-point Temperatures, 175-176

NEILSON, H., on Esthonian Oilshale, 365

Oilfield Waste, Elimination of, 1-49
ORMANDY, W. R., on Better Production Methods, 55, 63
ORMANDY, W. R., on Analyses of Seepages, 211
ORMANDY, W. R., and E. C. CRAVEN, Investigation into the Physico-Chemical Significance of Flash-point Temperatures, 145-180
ORMANDY, W. R., and E. C. CRAVEN, The Systems Ethyl Alcohol-Water-Paraffins, from + 30° C. to -30° C., 181-193

ORMANDY, W. R., and E. C. CRAVEN, Note on Solubility of Benzene in Weak Alcohol, 213-217

PARISH, W. F., When Oil is "Good," 224-229
PENNEY, F. M., on Better Production Methods, 60-61
PENNEY, F. M., on Pole Tool Drilling, 661
PERKIN, F. M., on Esthonian Oilshale, 362-364, 367
Petrols for Road Vehicles and Aircraft, 376-396
PHILIP, A., on Standardisation, 606-609
PITT, G., on Better Production Methods, 61-62, 63
PITT, G., on Analyses of Seepages, 211
PITT, G., on Esthonian Oilshale, 365-366
PITT, G., on Standardisation, 609-610
Pole Tool Drilling, Galician-Canadian System, 617-665
Presidential Address, 300-311
Production Methods, Better, 50-66

Rappoport, F. G., on Galician Industry, 343
REDGROVE, E. R., on Analyses of Seepages, 211
REUSS, P., on Esthonian Oilshale, 365
Reviews:
"The Chemistry of the Non-Benzenoid Hydrocarbons," B. T. Brooks, 504
"Distillation Principles and Processes," S. Young, 399-400
"Economics of Petroleum," J. E. Pogue, 500-501
"Gas Chemists Handbook," American Gas Association, 501-502
"Geology of the Tertiary and Quaternary Periods in the North-West Part of Peru," T. O. Bosworth, 688-689
"Handbook of the Petroleum Industry," D. T. Day, 502-504
"Oil Encyclopedia," M. Mitzakis, 400
Reviews—*Continued*:
"Oil Flow in Pipe-Lunes," R. S. Danforth, 500
"Petroleum and Allied Industries," J. Kewley, 504
"A Treatise on Petroleum," Sir B Redwood, 399
RICHARDSON, C., Colloidal State of Matter in its Relation to the Asphalt Industry, 79-82
ROMANES, J., on Esthonian Oilshale, 374-375

Scotland, Shale Oil Industry of, 465-490
Seepages, Chemical Analyses of, 193-213
Shale Oil Industry of Scotland, 465-490
Standardisation of Testing of Petroleum, 578-617
Systems Ethyl Alcohol - Water - Paraffins, 181-193

Testing Petroleum, Standardisation of, 578-617
THOLE, F. B., on Flash-point Temperatures, 177
THOMPSON, A. B., Elimination of Oilfield Waste, 1-49
THOMPSON, A. B., on Esthonian Oilshale, 371-372
THORNYCROFT, O., Petrols for Road Vehicles and Aircraft, 376-396
TIZARD, H. T., and A. G. MARSHALL, Method for the Determination of Vapour Pressure of Hydrocarbon Fuels and the Estimation of Dissolved Air, 217-223

Vapour Pressure of Hydrocarbon Fuels, Determination of, 217-223

WADE, A., on Better Production Methods, 56, 57
WARD, R. S., on Better Production Methods, 65-66
WATTS, W. W., on Esthonian Oilshale, 361-362
WEDMORE, E. B., Insulating Oils—Colour and Sludging Characteristics, 67-72
